# BEAHR

**Develop local environmental competencies and foster green careers in your community!**

BEAHR provides introductory skills to those who want to start their environmental career path. Become work-ready and receive short-term, community-based training that integrates local knowledge with scientific knowledge!

Register your group to participate in one or more BEAHR programs to receive a Certificate of Successful Completion:

- Environmental Monitoring Coordinator—Research Specialization
- Environmental Monitoring Coordinator—Regulatory Specialization
- Environmental Site Assessment Assistant
- Contaminated Sites Remediation Coordinator
- Land Use Planning Coordinator
- 2-day Land Use Planning Seminar
- Local Environmental Coordinator
- Solid Waste Coordinator
